Officials mark opening of new Warner Road bridge over Ohio & Erie Canal in Valley View

Cuyahoga County, the Village of Valley View, and Cleveland Metroparks are marking the completion of a major infrastructure project replacing the Warner Road bridge crossing over the historic Ohio & Erie Canal, at the intersection of Warner and Canal rds.

The project replaced the aging culvert beneath Warner Road with a new, four-sided concrete structure designed for greater durability and improved appearance. The finished project also complements the nearby Towpath Trail, strengthening the connection between local transportation infrastructure and one of Northeast Ohio's most recognizable recreational corridors.

The $2.1 million project was funded through a partnership between Cuyahoga County, the Village of Valley View, and an Ohio Public Works Commission grant.

County and local officials were on hand for the official opening of the new bridge yesterday morning. They included Cuyahoga County Executive Chris Ronayne, Cuyahoga County Councilman Robert E. Schleper (District 6), Valley View Mayor Matthew March, Valley View Councilwoman Tina Paulson and Valley View Councilman Jim Spieth.

Garfield Heights Police Reports

(All information is preliminary and subject to change pending investigation.)

Traffic Offense-Fleeing

•On Nov. 9, at 11:50 a. m., police were on patrol in the area of Broadway and E. 131 St., when they saw a black Kia Sportage quickly changing lanes and observed its license plate had no light and learned the registered owner had an active felony warrant with the Cuyahoga County Sheriff's Department. Officers followed the Kia and attempted a traffic stop while on E. 131 St., near Christine Ave., but the suspect vehicle took off with police in pursuit. The Kia continued to flee east on Caine Ave., until reaching E. 137 St., where police initiated a successful PIT maneuver. The Kia spun out and crashed into a tree and several vehicles parked on the north side of the street in the 13700 block of Caine Ave. The driver did not initially comply with commands to exit the vehicle, so one of the officers broke the driver's door window and eventually grabbed the driver by his shirt and directed him towards the ground on his stomach, and then placed him into handcuffs. The two passengers in the Kia were also detained. Cleveland EMS arrived and took the driver to Marymount Hospital for his alleged injuries. When he was eventually discharged he was taken to city jail without incident.

•On Nov. 13, about 1 a.m., officers reported a stolen Honda CR-V going west on Broadway Ave. They initiated a traffic stop but the Honda did not stop and a pursuit ensued, with two patrol cars tailing the suspect vehicle. The chase led to Cleveland on Miles Ave. and E. 120 St., where a PIT maneuver was successful and the Honda completed a 360-degree turn and continued west on Miles. A second PIT maneuver was successful, but the Honda still continued north on E. 119 St. Going west on Putnam Ave., police executed a third successful PIT maneuver which caused the Honda to spin out and hit a pole. But still the Honda continued on, headed again toward Miles Ave. Police executed a fourth PIT maneuver on E. 118 St., where the Honda came to rest. The driver was pulled out of the car and placed into handcuffs and taken into custody.

Motor Vehicle Accident-Hit Skip

On Nov. 14, at about 3:48 p.m., officers patrolling on Turney Rd. near Langton Ave., saw a vehicle going south on Turney at a high rate of speed. After checking the surroundings and determining it was safe to do so, the officer driving made a U-turn. When he was nearly finished, a Cadillac struck the driver's side of the patrol car causing it to spin. The Cadillac fled the scene continuing north on Broadway. Officers determined their car was drivable and began searching for the suspect vehicle. At Turney Rd. and Macomb, police saw the Cadillac pull into the driveway of a home in the 4400 block of Turney Rd. The driver was detained without incident. He told police he fled the scene because he was afraid. A record check showed the suspect's driver's license was suspended. The suspect was arrested for hit-skip (leaving the scene of an accident) and issued a citation for driving under suspension.

Felonious Assault

On Nov. 18, at 4:18 p.m., an officer responded to the Garfield Heights Branch Library for a report of a juvenile stabbed. He found the victim in a classroom with what appeared to be a stab wound to the left upper chest. He was treated by GHFD EMS and transferred to MetroHealth Medical Center. He could not tell police who stabbed him but it was learned the stabbing did not occur at the library. The officer then returned to the library and was told by a witness of two other juveniles that may have been involved. Officers then approached the juvenile suspects who were sitting in the cafeteria of the library. While interviewing them it was found that city cameras showed the victim fighting with someone in a black and teal jumpsuit which matched what one of the suspect juveniles had on. Suspect arrested and transported to city jail.

Shots Fired

On Nov. 21, at about 8:47 a.m., officers received a call to respond to a home in the 4600 block of E. 85 St., for a female reporting her residence had been shot up and damaged. She explained to police that she had come downstairs in the morning and found drywall debris on the floor, counter and appliances and discovered a hole in the drywall on the lower west wall, one hole in the top of the south wall and two more holes on the west side of the house. The holes were consistent with what appear to be bullet holes. She noted that residents of a home nearby had complaints in the past with unruly juveniles but have since moved out. Officers located an additional hole inside the kitchen on the east wall. Dispatch advised there were no recent calls in the area regarding gunshots being fired. The homeowner said she did not hear any gunshots overnight, but advised the holes were not there when she went to bed. She was asked to call GHPD if she located any further evidence.

Animal Complaint

On Nov. 22, at 5:16 p.m., an officer was dispatched to a home in the 4600 block of E. 94 St., regarding a dog bite. The owner of the dog told police that her dog, a four-year-old Rottweiler, had bit a friend on the mouth. The friend had been taken by private vehicle to Marymount Hospital. The dog's owner was advised to keep her dog separated until the animal warden could complete a follow-up. The friend did not wish to pursue charges.

•Authorizing the mayor to enter into a Depository Agreement with Key Bank for active, interim and/or inactive city funds for the period Sept. 1, 2027 through Aug. 31, 2031.

•Providing for Amendment No. 1, dated Nov. 18, 2026, to the annual appropriations for fiscal year 2026. The finance director has recommended to council that amendments to the annual appropriation ordinance are necessary to account for certain additional expenditures.

•Authorizing a transfer of funds by the finance director in the amount of $202,000 from the General Fund to the Capital Improvement Fund to provide for current and future capital expenses as set forth in the 2026 permanent budget.

•Authorizing a transfer of funds by the finance director in the amount of $50,000.00 from the General Fund to the Payroll Stabilization Fund for the following purposes:

1) Accumulating resources for payment of salaries during any fiscal year when the number of pay periods exceeds the usual and customary number of pay periods. 2) Accumulating resources for the payment of accumulated sick leave and vacation leave, and for payments in lieu of taking compensatory time off, upon the termination of employment, or the retirement of officers and employees of the city.

Passed for second readings

•Amending a section of the city's Codified Ordinances concerning special Revenue Fund advances and repayments. The mayor and finance director have recommended that Section 240.11 of the city's Codified Ordinances concerning special revenue fund advances and repayments be amended to allow for advances and repayments throughout the year and not just in the month of December.

•Amending a section of the city's Codified Ordinances concerning signs in residential districts. According to the amended section, the purpose of permitted signs in various Zoning Districts are intended to provide legible information regarding the location of residences and institutions located within the district, their availability for purchase or lease, to inform the public as to the ownership and access limitations of property, and to describe the activities of institutions and places of worship. The amendment goes on to identify the sizes allowed for certain permitted signs in the various zoning districts.

•Formulating a budget for the fiscal year ending Dec. 31, 2027, to make appropriations for current expenses and other expenditures of the city.

•Providing a high deductible health insurance plan with a Healthcare Savings Account (HSA) and establishing contribution amounts to the HSA accounts for all full-time city employees for the calendar year beginning Jan. 1, 2027. The city, in consideration for offering the 2027 HSA Health Insurance Plan, requires that all full-time employees (including bargaining unit employees whose collective bargaining agreements expire December 31, 2026) participating in the 2027 HSA Health Insurance Plan, shall make monthly deductible contributions of $150 for single plan coverage ($1,800 per year) and $300 for family plan coverage ($3,600 per year) into their HSA account, with the city contributing into the employee's HSA account the remaining monthly amount necessary to fully fund the annual deductible for each employee's HSA plan, which 2027 annual deductible is $4,500.00 for single plan coverage and $9,000.00 for family plan coverage.
