## Garfield Hts. to hold 9-11 ceremony

The city of Garfield Heights will host a 9-11 ceremony to commemorate the 2001 attack on our nation at 9 a.m. on Monday, Sept. 11, now referred to as Patriot Day, at the Garfield Heights 9-11 Memorial site, located at the Veterans Plaza in the city's Civic Center Complex, 5407 Turney Rd.

Retired Garfield Heights police officer and current School Resource Officer Doug Dillon will talk about his experience after the 9-11 attacks as part of an emergency response team tending to the needs of first responders in New York City.

Dillon became a police officer in 1990. During his 25 years with the Garfield Heights Police Department, he spent 12 years as a patrol officer and 13 years as a detective in the Juvenile Bureau. He was a crisis negotiator with the South East Area Law Enforcement team for 12 years, serving as commander for six years.

In 1996, Dillon joined the Cuyahoga County Critical Incident Stress Management team and became a law enforcement peer providing stress management for first responders involved in critical incidents. His participation in the Stress Management team took him to New York City following the September 11, 2001 attack at the World Trade Center.

Refreshments will be served following the ceremony next Monday. For more information, contact Pat Salemi at 216-475-1100, ext. 2425, or psalemi@garfieldhts.org.

Two arrests have been made by Garfield Heights police in connection to recent bank robberies in the city, according to a press release from Garfield Heights Police Chief Robert Byrne.

Aggravated robbery charges have been filed against Darrell Rivers, 59, of Cleveland, for the August 10th robbery at U.S. Bank at 5007 Turney Rd., according to Byrne.

Paris Parks, 27, of Cleveland, is charged with the August 23rd robbery of Huntington Bank at 4932 Turney Rd., Byrne said.

Police continue to investigate the robbery at U.S. Bank at 5695 Turney Rd., which was also on August 23rd.

Anyone with information should call Crime Stoppers at 216-252-7463 or the Garfield Heights Detective Bureau, 216-475-5686.

## Primary election set for next Tuesday in Cuyahoga County

*Kucinich calls police when he finds door unlocked at closed Board of Elections building*

Voters in Cleveland and Maple Heights in The Neighborhood News coverage area will head to the polls next Tuesday, Sept. 12, to narrow the choice down to two contenders in the Cleveland mayor's race, several Cleveland Council contests and for president of council in Maple Heights.

The two top vote-getters in the primary will then face each other in the general election on November 7th.

Polls will be open in next Tuesday's primary from 6:30 a.m. to 7:30 p.m.

### Mayor's race

In Cleveland, incumbent Mayor Frank G. Jackson faces candidates write-in James Jerome Bell, Eric J. Brewer, Brandon Edwin Chrostowski, Jeff Johnson, Robert M. Kilo, write-in Camry S. Kincaid, Tony Madalone, Bill Patmon, Zack Reed and Dyrone W. Smith.

### Cleveland Ward 2

Now that current Ward 2 Councilman Zack Reed is running for mayor, a wide field of candidates is vying for his job. On the ballot are write-in Siobhan T. Adams, Kevin L. Bishop, Azel E. Bolden, William Chris Daniel, Geoff A. Fitch, Carol Ford, Kenya Gray, Debra Lewis-Curlee and Tony Minor.

### Cleveland Ward 5

Running against incumbent Councilwoman Phyllis E. Cleveland are Richard A. Starr and Larry Wanzo, Sr.

### M.H. Council President

In Maple Heights, the only primary contest up for grabs is that of president of council, with Ron Jackson, Neomia Mitchell and Frank M. Rives competing for the office.

### Incident at Board of Elections

The following is the official statement regarding a security incident on Saturday at the Board of Elections building.

"On Saturday, Sept. 2, 2017, Cuyahoga County Protective Services, a divi-

sion of the Cuyahoga County Sheriff's Office, responded to a security alarm at the Board of Elections Building located at 2925 Euclid Ave., Cleveland. The alarm was triggered at approximately 3:10 p.m. and was reported to the dispatch center of the Cuyahoga County Sheriff's Office at approximately 3:13 p.m.

Although the Board of Elections was closed for business, responding officers reported finding Congressman Dennis Kucinich on site, who had gained entry to the building via the rear entry door. After discovering no employees inside the building, Congressman Kucinich had notified the Cleveland Police Department, whose officers also responded to the situation.

As with all buildings owned by Cuyahoga County, it is the responsibility of Cuyahoga County Protective Services to lock and unlock the building and to set and maintain all security alarms, and we are working with them on an ongoing investigation into how entry was permitted when the building should have been closed and secured.

(Continued on Page 2)

# Primary election set

(Continued from Page 1)

However, we can confirm with certainty that no tampering with voted or unvoted ballots took place, nor any other action that would compromise the integrity of the September 12, 2017 Primary Election.

All official ballots were securely stored in double-locked rooms that require bipartisan access. These rooms were locked prior to the close of business the day before and were, therefore, inaccessible.

Further, Board of Elections staff has subsequently accounted for all voted and unvoted ballots that were on site.

Additionally, all voted ballots were either still in their sealed voter identification envelopes or, if already opened, were kept in storage bins secured with tamper-evident seals. These procedures ensure that no tampering with voted ballots could take place without us catching it.

While the Sheriff's Office continues to investigate this issue, we will also be working with them to review and upgrade the physical security of the Board of Elections Building, and any required upgrades will be implemented immediately.

Both the Board of Elections and the County of Cuyahoga are committed to fair and transparent elections, and we will work with County Executive Budish's administration and with Sheriff Pinkney to ensure that our commitment is protected with the utmost safeguards."

# Letters to the Editor

## Thanks to Iron Ward Festival music makers

Dear Editor:

Slavic Village's Iron Ward Festival concluded its 13th year of summertime music-making last Monday. Its production crew would like to acknowledge the many individuals and groups without whom little could have been accomplished in 2017:

Ward 12 Councilman Anthony Brancatelli, Slavic Village Development, Cleveland Police Department, The Neighborhood News, Barbara Bachtell and the Broadway School of Music and the Arts, Larry and Sandy Milzewski, Dennis Althar, Noreen Malecki and the East 63rd Block Club, Linda Lewis and the Fullerton Avenue Block Club, Morganic Community Garden, Marcy Shannon, Mary Ann Fraught, Tim Shannon, Shannon Landscaping and Snow Plowing, Edwin Reyes.

Also, thanks to the attendees who volunteer to set up, decorate, serve food, and tear down at our major events, our loyal audience members and, of course, our musicians—soloists and larger ensembles, local and regional, whose artistry is the Festival's heart and soul.

Thank you all for your support. See you next June!

Sincerely, The Iron Ward Festival crew

# Rain barrel workshop in N.H.

The Cuyahoga Soil and Water Conservation District will host a free Rain Barrel Workshop at Newburgh Heights Village Hall, 3801 Harvard Ave., on Thursday, Sept. 14, from 6-7:30 p.m.

A rain barrel is a container used to collect and store rainwater that would otherwise be lost to runoff and likely diverted to a storm drain. Learn how to harvest rain water for all your gardening needs and how to combat stormwater pollution in the community.

The collected water is a free source of water and plants like it better than hose water because it is free of chlorine and fluoride. Rain barrels can be used to receive a reduction in the stormwater utility fee that is being charged by the Northeast Ohio Regional Sewer District.

The informational meeting is free to attend. Rain barrels are \$60 (includes downspout diverter). For an additional barrel to make a two-barrel system, \$20.

Registration is required by September 8th by contacting Amy Roskilly at 216-524-6580, ext. 1005 or aroskilly@cuyahogawcd.org. Registration can also be done online at www.cuyahogawcd.org; click on Events.

## BEDFORD

### Burglary

• On August 30th, around 10:40 a.m., police learned of a break-in to a home in the 200 block of Wandle Ave. Police found a rifle laying in the backyard; an empty gun case could be seen inside. The Garfield Heights K-9 Unit tracked the suspects to Grand Ave. where the track

was lost. A resident of Wandle Ave. may have captured the suspects on surveillance cameras.

• Another resident of the 200 block of Wandle Ave. told police someone entered her home and stole her purse and two sets of car keys that were sitting on the kitchen counter. A wedding ring and credit cards had also been inside the purse. The incident occurred overnight between September 2nd and 3rd.

• A resident of the 180 block of Willard Ave. told police his vehicle had been rummaged through and his home was broken into through a front window overnight between September 2nd and 3rd. He said a purse, cell phone and credit cards were among the missing items from his house.

### Robbery

An employee of the Circle K at 1480 Broadway Ave. said two men wearing ski masks came into the store on September 3rd, around 3:35 a.m., and demanded money at gunpoint. Afterward, the employee and two other cashiers locked themselves in a bathroom and called police.

Walton Hills and Oakwood police departments arrived at the scene to assist in searching the area for the suspects. A K-9 Unit also arrived and tracked the suspects to Best and Broadway aves., where the track was lost. Police believe the suspects may have gotten into a vehicle there. Dispatch notes did not indicate how much money had been stolen. Police were unable to locate the suspects.

### Stolen Vehicle

A silver Alero with temporary tags was stolen from a gas pump at the BP station, 1483 Broadway Ave., while the owner was inside the store on August 31st, around 7:40 a.m.

## GARFIELD HTS.

### Aggravated Robbery

A resident of the 10700 block of Edgepark Dr. told police he was standing next to his running vehicle in his garage on August 28th, around 7:30 p.m., and was wiping his windshield when a man in his early 20s walked up to him saying he wanted the car. The resident said the male had a black handgun pointed at his face so he backed away from the car. The male got into the

car and fled northbound on E. 107th St. Officers were unable to locate the suspect or the vehicle.

### Attempted Burglary

Police were called to a home in the 9500 block of Alexander Rd. on August 28th, around 8:55 a.m., for an attempted break-in. Police observed pry marks around the window pane of the front door. The resident was not home at the time of the incident. Police searched the area for suspects with negative results.

### Criminal Damage

The owner of Anthony Amato Salon on Turney Rd. told police someone threw a rock through the front window of the business overnight between September 2nd and 3rd.

### Driving Under Suspension

Police were called to the area of Canal and Warner roads on September 2nd, around 1:15 a.m., and found a vehicle had driven over the curb, onto a tree lawn and struck a grounding wire. The driver, 35, of Cleveland, was driving with a suspended license and had a warrant with GHPD. He was arrested and held on a \$3500 bond.

### Theft

• An employee of Midwest Equipment, 9800 Broadway Ave., called police on August 30th and said that within the past week someone had damaged a commercial air conditioning unit and removed copper tubing. The unit was valued at about \$50,000. The employee said someone also removed several large aluminum/copper coils from an older unit owned by Midwest Equipment. The employee was unsure how someone got into the fenced-in property or how they removed the items from the property.

Police responded to Chaincraft Iron and Metal, 4801 Chaincraft Rd., and learned the stolen items had been brought in by a male who sold the items to Chaincraft at around 7:45 a.m. that day. The Detective Bureau continues to investigate.

• A resident of the 13500 block of Rockside Rd. told police she parked her vehicle in the driveway on September 1st and left it unlocked. When she went to her car the next morning, she noticed her gun had been stolen from the center console.

## Weapon Offense

A resident of Havana Rd. told police she heard people arguing outside on E. 130th St., just south of Havana, on September 3rd, around 1:15 a.m., and as she looked outside, she saw several cars were stopped and people were fist fighting. She then saw a "muzzle flash" and heard three gunshots. A black car drove off northbound and a white vehicle drove off eastbound, according to the woman.

Police found a bullet hole under a front picture window and in a large flower pot in the front of the woman's house. Police also found two shell casings on E. 130th St.

## MAPLE HTS.

### Breaking & Entering

## Call Crime Stoppers with tips

Crime Stoppers provides an anonymous telephone number, Text Tips and Web Tips to encourage citizens to volunteer vital information helpful to law enforcement agencies. By offering anonymity and cash rewards for information leading to indictment or arrests, the program encourages otherwise reluctant callers to provide information.

The 24/7 hotline number, 216-252-7463, allows the caller to remain anonymous. The phone does not have a caller ID function and calls are not recorded. Those with information can also text TIP657 plus your message to 274637, or can submit information online at [www.25crime.com](http://www.25crime.com).

A 54-year-old Cleveland man was shot last Tuesday while in his car on East 61st Street, according to a Cleveland police report.

Police were called to the 3700 block of E. 61st on August 29th, around 3:50 p.m., and witnesses directed them to the backyard where they found a 54-year-old man on his knees shouting that he had been shot. Police also found a vehicle that was still running with no one inside; it had heavy front end damage and multiple bullet holes in the driver's side door.

Witnesses told police they heard multiple gun shots, then saw two males running from the area and getting into a vehicle which drove off towards Fleet Avenue. One of the males appeared to be adjusting a gun in his pants, according to witness statements in the report.

The 54-year-old was taken to MetroHealth Medical Center where he was in stable condition, according

to the police report. The incident remains under investigation.

## Try this sweet recipe for National Honey Month

Honey is an all-natural sugar substitute that is nutritious, delicious, economical and available in many different flavors. There are hundreds of varieties of honey produced in various parts of the world. The United States produces 200 kinds alone.

To honor the 211,600 beekeepers and 4 million colonies of honeybees in the United States, which produce more than 230 million pounds of honey each year, September is National Honey Month.

Professional beekeeper Doris Mech has written "Joy with Honey" (St. Martin's Press), which includes more than 230 recipes that use honey as the main ingredient. This book provides not only recipes, but useful information on storing honey, canning with honey and converting recipes so that they use honey.

The most common type of honey in the United States is clover honey; it accounts for about 70 percent of all honey sales. However, throughout the country, different areas produce honey that is unique to that particular region. In New York State, honey lovers can pick up a jar of buckwheat honey. There's also orange blossom honey from California, fireweed honey from Washington State and tupelo honey from Florida. These types of honey differ in taste and aroma. Experiment with the various kinds to find the taste that suits you best.

Baked goods stay moist for a longer period of time when they are made with honey, and cookies, cakes, breads and desserts will not dry out as quickly as those

made without honey. According to the author, foods made with honey continue to improve in flavor after baking and will taste even better the second day after cooking.

"Joy with Honey" provides recipes that are made with honey. However, not all the recipes in your files include honey in the list of ingredients. You can use honey in place of sugar in your favorite recipes. For bread, cake and cookie recipes, Mech suggests substituting two-thirds cup of honey for each cup of sugar. Also, reduce the amount of liquid by one-quarter cup for each cup of honey used. Add one-half teaspoon of baking soda as a leavening agent for each cup of honey you use. Lower oven temperature by 25 degrees F, because foods baked with honey tend to brown faster.

In fruit-pie recipes, use one-quarter cup less honey than sugar and increase the thickening agent - flour, cornstarch, eggs, tapioca or gelatin - by one-half. Honey has more sweetening power than sugar, and it also brings out the natural flavors of fruit.

Try this honey recipe for a delicious variation on a familiar favorite.

## CHICKEN TERYAKI (Serves four)

- About 4 pounds frying chicken, cut up
- 3/4 cup soy sauce
- 1/2 cup honey
- 1 clove garlic, minced
- 2 tablespoons grated fresh gingerroot
- 2 tablespoons apple cider vinegar

Wash each piece of chicken carefully and pull away any excess fat to discard. Dry the pieces of chicken with a paper towel. Place the soy sauce, honey, minced garlic, grated gingerroot and apple cider vinegar in your blender and process until smooth.

Arrange all the pieces of chicken in a large glass baking dish. Now pour the sauce from the blender over the chicken. Cover with plastic wrap and place in the refrigerator to marinate for at least three or four hours. Overnight is even better. Bake in a 350-degree F oven for one hour, turning the pieces of chicken once when halfway through the cooking time. Serve with rice and your favorite vegetable.
