OverDrive gets top honors at 'Best of Tech'

More than 220 tech leaders from across Northeast Ohio gathered on April 19th to see which companies would be honored at OHTec's 12th annual Best of Tech Awards, which recognizes the highest performing and most innovative technology companies in Greater Cleveland.

OverDrive, located near Granger Road in Garfield Heights, was honored as Large Tech Company of the Year.

OverDrive has worked exclusively with digital content since 1986. As an early leader in the industry, the company began developing interactive diskette and CD-ROM products in the 1980s. As technology progressed, so did OverDrive. It moved from providing digital media in physical formats to providing digital media downloaded - and now also in browsers, without downloading - all through the internet.

In 2000, OverDrive launched its digital marketplace, Content Reserve (now OverDrive Marketplace), which now contains millions of titles from more than 5,000 publishers. In 2003, it launched its download service for libraries, which provides eBook, audiobook, and other digital content to millions of library users.

After surpassing one million digital book checkouts in 2007 and 100 million in 2012, leading digital reading platform OverDrive recently announced another remarkable milestone - libraries around the world have reached one billion digital book checkouts.

Maple Heights gets 453K for water main project in Granger-Libby area

By Judith Goldsworth

The city of Maple Heights has received almost a half million dollars in grant funding, which will be used for a water main project in the Granger-Libby road area of the city, according to a resolution passed at council's April 18th meeting.

The grant was awarded by the Cleveland Water Suburban Water Main Renewal (SWMR) Project Fund, and will be used to reconstruct the water main on Maple Avenue.

Council also passed a resolution authorizing Mayor Annette Blackwell to enter into a contract with Pro Construction Inc., to provide repairs to the bathroom/concession building

at Stafford Park, at a cost of \$23,460, which will be paid through Cuyahoga County grants.

The Stafford Park repairs, to include exterior and interior masonry repair, tuck pointing and painting, interior concrete floor repairs, crack sealing and painting and concrete walk work are part of the City Parks Improvement Project that has been ongoing in Maple Heights, funded through a total of \$200,000 in grants awarded to the city by the county Department of Development under the 2017 Competitive Block Grant and Supplemental Grant programs.

City Engineer Ed Hren said the repairs will be com-

Garfield Heights okays mediated raise for AFSCME union members

At a special meeting Monday night, Garfield Heights Council okayed a 2 percent wage increase retroactive to January 1, 2018, for all employees of the city who are members of the American Federation of State, County and Municipal Employees Local 2729, AFL-CIO and Ohio Council 8.

These employee union members will also have the option of receiving a retroactive 48-cent wage increase in lieu of the 2 percent raise.

Passage of the raise was the result of recommendations by Factfinder Nels E. Nelson in a Fact-Finding Report of the Ohio State Employment Relations Board.

The union had previously rejected the city's offer in negotiations held in February and appealed the dispute to fact-finding. The union had demanded a 4 percent increase for all bargaining unit members.

AFSCME will meet this week to vote on whether to accept the Factfinder's recommendation.

Officials address 'State of Schools'

Garfield Heights Schools Superintendent Terry Olszewski, Trinity High School Director of Admissions & Public Relations Patrick Straffen and Cuyahoga Valley Career Center Superintendent Dave Mangas delivered their annual State of the Schools address on April 18th at the Garfield Heights Center for the Performing Arts, sponsored by the Southeast Region Chamber of Commerce.

Blending a mix of prepared remarks with an interactive power point presentation, Olszewski used videos to help share the state of the schools. He opened by remarking on the mandatory statewide testing that "has become a source of great consternation in the last few years."

"These test scores do not define our district, nor do they reflect the true accomplishments of our students," he pointed out.

Olszewski provided some basic statistics on the school district, including the fact that there are a total number of 3,653 students, and, of those, 983 are new enrollees and 761 withdrawals since the start of the year. He also stated how

devoted the district is to providing technology for students, having provided them with 2200 Chromebooks, 375 Ipads, 750 desktop computers and 3 elementary technology teachers.

"We as educators have a vision in this district to equip students with 21st century skills and to prepare our students to become contributing members of a growing, global society," the superintendent said.

"That is the state of our

schools: Dedicated to offering opportunities and providing a better education to all students and families who seek one," he continued.

Garfield Heights offers a better education, he said, and students in the Garfield Heights City Schools are learning, excelling and achieving, and going on to great futures.

He pointed out that this year's GHHS valedictorian, Myron Spikes, will attend

-gible for cost share funds, also fulfilling Ohio EPA permit requirements, and the city was successful in applying for the funds in the amount of \$224,000, according to the resolution.

Council passed a resolution authorizing Blackwell and Fire Chief Vito Kavaliunas to enter into a contract with Gatchell Grant Resources, LLC, to apply for a 2017 SAFER (Staffing for Adequate Fire and Emergency Response) Grant by April 27, 2018, to receive financial assistance to support the hiring of three additional firefighters/paramedics for a 36-month period.

Grant recipients are required to contribute a cost share toward the actual cost of hiring firefighters, and Blackwell and Kavaliunas have recommended that the city enter into the contract with Gatchell to develop and submit an application for the SAFER grant, to receive the financial assistance toward hiring the three additional firefighters/paramedics.

For submitting the grant application, Gatchell will receive a fee of \$750, plus a fee of eight percent of the amount of the grant awarded, up to a maximum payment amount of \$3,000.

Placed on second reading by council was an ordinance amending existing legislation that currently requires landlords to renew rental registration and tenant rental licenses upon a change in tenancy and/or ownership of the property.

Under the proposed ordinance, Councilwoman Shari Thomas has recommended that renewals and payment of fees be on an annual basis, regardless of whether there has been a change in ownership or tenancy from the previous payment. Renewals and licenses would not be transferable, meaning that a new owner would have to pay the fees, even if the previous owner had paid the fees for that calendar year.

Renewals would have to be paid no later than April 30th of each year, according to the legislation.

Updated recovery plan approved

At the April 18th meeting, council passed a motion to approve an updated Financial Recovery Plan for the city, with the continued goal of bringing Maple Heights

out of a state of fiscal emergency, as declared by State Auditor Dave Yost in early 2015.

Council has passed previous versions of the recovery plan, as part of a state-mandated five-year initiative to bring the city out of its deficit, which has been reduced from more than \$2.5 million reported in 2015, to an amount reported as being less than \$800,000, as stated in a version of the plan passed by council in March.

Council did approve the amended version of the plan in March but passed the updated plan to include the number of residential units in the city and an additional line item entitled "Property Taxes, Additional 3.20 mills," Council Clerk Leonette Cicirella stated.

Spotlight Lounge liquor permit hearing requested

Also passed April 18th was a motion authorizing Cicirella to request a hearing with the Ohio Division of Liquor Control "regarding the advisability of transferring the liquor license currently held by Spotlight Restaurant and Lounge, LLC, to Aries Restaurant and Lounge, LLC, at 5154 Warrensville Center Rd."

Earlier this year council passed a resolution declaring the Spotlight a "nuisance, subject to abatement," after incidents had been reported by city officials and police over an 11-month period dating from March 2017.

Olszewski also talked of successful community partnerships and gave a nod to Overdrive, which has given Garfield Heights students access to literally thousands of publications and books from across the globe. He said another community partnership involves students at all grade levels who either visit and interact with seniors at the Civic Center or Jennings Home.

For more student success stories, he invited everyone to sign up for the district's social media accounts.

He concluded by saying

that "from academics to curriculums, community partnerships and more, we are all about opportunities. Go Bulldogs!"

G.H. hydrant flushing begins

The Garfield Heights Fire Department will begin the annual flushing and inspection of the 1,300 fire hydrants in the city beginning Monday, May 7. The work will begin in Ward 1 and end in Ward 7.

Hydrants will be flushed Mondays through Fridays between 9 a.m. and 4 p.m., weather permitting. It should take about eight weeks to complete.

Some residents may experience rusty water, which is normal. Residents are encouraged to check to see if their water is rusty before drinking, doing laundry or using it to cook. If it is rusty, do not use any water, including flushing toilets for one hour or until water runs clear. For more information, call Sandy at the Garfield Heights Fire Department, 216-475-4053.

Police were dispatched to the 13400 block of Thornhurst Ave. on April 26th, around 2 a.m., and spoke to a woman who said she heard 6-10 gunshots and saw a light-colored Ford F150 flee the area shortly after. While officers were arriving in the area, dispatch reported several more residents were calling about hearing shots fired.

Newburgh Hts. Council notes

Newburgh Heights Council met in regular session on Tuesday, April 17, and passed the following legislation:

- Amended a village ordinance on registration and inspection of rental units, which requires landlords to obtain a rental permit from the Village Building Department, issued upon compliance with the rental registration and inspection process. The amended ordinance brings the village into compliance with some recent court rulings regard-

ing protections to 4th Amendment rights of property owners, Mayor Trevor Elkins explained.

- Amended a village ordinance entitled "Permits and Fees" to clarify some of the fees and language that had previously made it difficult to determine what was actually owed for a permit.

- Okayed purchase of two additional 800 MHz radios and a vehicle charger installation from Vasu Communications at a cost not to exceed \$3,800.

- Okayed placing a mower deck for sale on GovDeals auction website.

Announcements

Councilman Brian Schaffran said the annual Community Garage Sale will take place from May 31 to June 2. More details to come.

Service Director Joe Milano, in response to a question by Councilman Steve Moran, said there was no community shred day planned because of poor attendance in the past and a significant increase in cost. If there is renewed interest, he said he will inquire about setting it up.

Washington Park School Board meeting tomorrow

The Board of Directors of Washington Park Community School, located at 4000 Washington Park Blvd. in Newburgh Heights, will conduct a Special Board Meeting in the multi-purpose room on Thursday, May 3, at 5:30 p.m. The meeting is open to the public.
