Trojanski victorious over those seeking to recall him

It was a solid victory for Maple Heights District 6 Councilman Richard Trojanski as efforts to unseat him for the third time resoundingly failed last week at the Nov. 23 recall election.

Out of a total of 2,362 registered voters in District 6, only 214 ballots were cast, with votes to retain Trojanski as councilman numbering 133 and votes to recall him at 81, according to unofficial results from the Cuyahoga County Board of Elections.

Trojanski, who has publicly declared his openly gay status, had said at a council meeting before the recall election that he believed this third recall was deeply rooted against him because of his sexual orientation.

Mustang wrestlers to again field strong team

The Maple Heights High School wrestling team enters the 2021-22 season in search of their 11th consecutive Lake Erie League championship. Overall, the Mustangs have won 47 championships in both the old Greater Cleveland Conference and the Lake Erie League since 1950.

Returning state qualifier Daniel Eggleton (138 pounds) and district qualifiers Jayshawn Eggleton (106 pounds), Vontez Tyus (132 pounds) and Christian Edge (157 pounds) will headline an experienced Mustang team.

Cleveland City Council OKs plan to sell former Mound School site for redevelopment

Cleveland City Council has passed an ordinance to authorize the city to acquire the former Mound School property site located at 5405 Mound Ave., as part of a land assembly for future redevelopment.

The Department of Community Development will convey the property to Morabito Enterprises, Inc. or its designee for an agreed upon sum and then enter into an agreement between the city and the redeveloper.

The ordinance passed by council earlier this month stated:

“The Cleveland Metropolitan School District (CMSD) has 19 former school sites that CMSD no longer needs, where they are seeking opportunities for redevelopment. The sites include 12 with former school buildings, and 7 that are vacant land. The Mound site is one of the seven that is vacant land from a previously demolished school.

“The City worked with CMSD to issue a Request for Qualifications (RFQ), evaluate and score RFQ proposals, and make awards based on winning proposals. CMSD obtained appraisals for each of the sites to determine fair market value as the price that developers would pay for each respective property in the RFQ, unless another price is negotiated.

“Two proposals were received for the Mound School site. The awarded proposal is to a development team that is a partnership between Slavic Village Development Corporation and Morabito Enterprises, Inc. The developer is offering the full-appraised price of \$38,000 for the Mound property.

“The proposal is to acquire the former Mound School (5405 Mound Ave.) property as a part of a land assembly for future development. After doing business at this location for over 47 years, Morabito is shutting down its

operations within the next two years. Their goal is to ensure that their property remains in an optimal position for another business to invest and establish itself so that jobs are retained. To ensure this, the developer plans to incorporate the Mound School site, through parcel consolidation, into the Morabito land adjacent to the CMSD site to create a more attractive land mass of scale to spur a productive future use.

“The developer will maintain the property until it is sold for a future agreed upon use.”

Ward 12 Councilman Tony Brancatelli, who sponsored and introduced the legislation, commented, “I am pleased to introduce and pass ordinance 913-2021 that authorizes the sale of the former Mound School site at 5405 Mound to Morabito Enterprises, which would help create a 40-acre site for redevelopment that could include 500,000 square feet of industrial space. This is an amazing opportunity to develop a large parcel of land that would create over 200 new jobs in our Slavic Village community.”

Haven Home offers shelter, hope to women, children experiencing homelessness

Tucked away in a corner of Slavic Village near the new Opportunity Corridor on Francis Ave. and E. 61 St. is a shelter where residents find safety and comfort in single-family rooms, a spacious dining area and playroom, free

laundry facilities and three meals a day. It's called The Haven Home, located on the campus of Elizabeth Baptist Church, the former St. Hyacinth Catholic Church.

It is an overflow shelter for women and children experiencing homelessness who need some help to break the cycle of generational poverty with asset-building programs to help mothers understand unique financial challenges, adapt to various circumstances and set individual goals.

The program offerings include job readiness workshops, career exploration, GED/college preparation, communication skills, women's support groups and budgeting.

The staff works to assure families are connected to housing and human service programs by assisting in enrollment and on-line applications that often create barriers to advancement.

While at The Haven Home, shelter residents participate in a myriad of activities, including holiday and birthday celebrations, arts and crafts and youth programs.

The Haven Home's Community Outreach Initiative also provides free health and safety products (and thousands of diapers) for families in the Francis Ave. area and surrounding communities, mostly in the 44105 and 44127 zip codes.

“Last year we served over 450 families,” said The Haven Home's executive director, Cindy Rios. “We hope to transition in the future to a service-enriched transitional shelter that offers transformational programs for all who seek assistance.”

She said that for those who want to help, there is a monthly giving program where people can give as little as \$5 a month or whatever fits their budget. “Monthly giving helps us have consistent financial resources throughout the year and better serve the women and children who find shelter here,” she said.

Donations can be mailed to: 2971 E. 61 St., Cleveland, OH 44127 or made online at: www.thehavenhome.org/donate.

GARFIELD HEIGHTS

Traffic Offense – Reckless

On Nov. 21, at 9:12 a.m., an officer saw a GMC Sierra traveling south on E. 131 St. at about 45 mph, in a posted 25 mph zone. The officer attempted to pursue the vehicle, but was hampered by traffic. He found the vehicle traveling on Broadway eastbound and observed it passing through the light at the I-480 ramp at a high rate of speed. He then saw the car make a left turn onto McCracken from Broadway and then lost sight of it as the car reached speeds up to 70 mph. The officer continued to travel east on McCracken approaching Lee Rd. and observed a traffic accident involving a black Kia SUV and a red Pontiac. He also saw the suspect vehicle stopped on the sidewalk on Lee facing south and it appeared to be involved in the accident as it had heavy front-end damage. GHPD was immediately notified and additional units, along with Cleveland Police and Cleveland EMS/Fire were requested to respond to the scene.

The male driver exited the car and took off running south on Lee Rd. After broadcasting his description and that of his clothing, a Garfield Hts. officer spotted him hiding along side the highway and he was taken into custody without incident. Several witnesses told police there were two other occupants in the Sierra who fled north on Lee and then west on Kollin in Cleveland. Police responded to that area with canine Echo but were unable to locate them. An inventory of the suspect vehicle was conducted and a loaded handgun, BB gun, and a ski mask were found inside. While on scene dispatch contacted the father of the vehicle's owner who said the Sierra

was stolen from his son while he was at a bar on E. 11 St., Cleveland. The juvenile suspect, age 17, had his report forwarded to the Youth Detective Bureau with charges pending for receiving stolen property, reckless operation, obstructing official business and improperly handling firearms in a motor vehicle.

Shots Fired

On Nov. 25, about 9 p.m., officers responded to a home in the 12900 block of Carpenter Rd. for a report of 4-5 shots fired, but on arrival the streets and residence were quiet. Police met the complainant who said he had heard shots and saw a dark-colored vehicle leaving the area at a high rate of speed. At about 9:40 p.m., police responded to Maple Heights PD after being advised they had a male in their lobby who said his vehicle was "shot up" on Carpenter Rd. He told police that at about 8:20 p.m. that night he was in the area of Lee Rd. and Tarkington Ave. when a dark-colored vehicle struck his car. When the driver did not stop he followed him to Carpenter Rd. The suspect vehicle pulled into a driveway and a short time later a male exited the house and fired two shots at the other man's car, who then left the area and called police. Neither he or his son, who was also in the car, were struck and police found no evidence of the vehicle being struck.

Menacing

On Nov. 27, at about 11:18 a.m., officers were dispatched to McDonald's, 12690 Rockside Rd., on a report of a male threatening an employee with a gun. The employee told police that he recently had gotten a ride home from the Garfield Heights Skate Park from an

acquaintance. At the time of the ride the complainant had said he would give the male \$20 for the ride. The male had said he wanted \$150 instead. The McDonald's employee was unable to come up with the money, and later the suspect showed up at McDonald's, threatening staff and the complainant. The employees said the suspect had his hand in his pocket and they could see the handle of a gun. He then left the restaurant in a gray Chevy Equinox. Staff advised to call 911 if suspect returns.

At 3:45 p.m. the same day, officers were called back to McDonald's due to the suspect showing up there again. The suspect was secured by police and found to have two active warrants.

The vehicle was impounded and towed and the suspect was brought back to city jail on his warrants and notified he was no longer to return to McDonald's.

Agreement passed by Cleveland Council keeps Guardians team here until at least 2036

Cleveland City Council held its regular weekly meeting Monday night and authorized the execution of a cooperative agreement between Cuyahoga County, the City of Cleveland, Gateway Development Corp. and the Cleveland Guardians Baseball Club relating to repairs, upkeep and modernization of Progressive Field.

The parties to the agreement will provide financing, operations, repairs, upkeep and new construction projects. The agreement sets up an improvement fund to which the parties will contribute. The city, county and state of Ohio will provide two-thirds of the contributions to the fund – with the city’s portion at \$8 million a year – and the baseball team will contribute one-third. The agreement extends the lease and keeps the team in downtown Cleveland through at least 2036.

Cleveland Council also:

- Authorized ARPA funds appropriations for the Department of Public Safety - \$26,384,315; Departments of Community and Economic Development - \$80,325,000; Department of Building and Housing (Demolitions) - \$15 million; and Department of Law - Professional Services - \$191,000.

Only the Public Safety appropriations have been assigned for specific purchases with more than \$10.2 million for police equipment, including bikes, cars, SUVs, motorcycles, helmets, shields, computers and other equipment. More than \$3.6 million for the Division of Fire will include breathing air compressors and fill stations, exhaust systems, rescue tools, computer upgrades and more. EMS received more than \$7.8 million for 15 new ambulances, five new SUVs, 45 new cardiac monitors and more than 30 new medical cots. Animal Control and Safety IT were also included.

- Authorized the city to sell a city-owned building that it currently leases to the Near West Multi-Service Corp. – also known as the May Dugan Center, which is a lifeline for many poor and destitute people.

Both the city and May Dugan want to terminate the lease and sell the property at 4115 Bridge St. to May Dugan, a move that will support future expansion of the center. May Dugan currently holds a lease on the property that ends in 2038. The property has been appraised at \$540,000. May Dugan must provide discounted or free health services to Cleveland residents in an amount up to the appraised value of the building, or pay the appraised value.

- Approved two pieces of legislation for The Orlando Baking Co., one approving a sale of city-owned properties located along Opportunity Corridor and a TIF (tax increment financing) agreement.

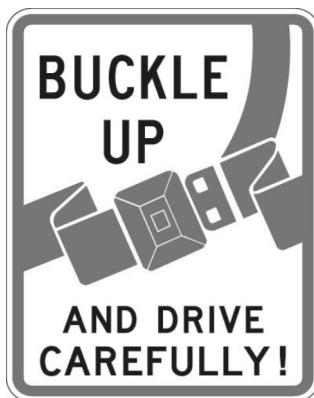

The city is selling about 17 acres to Orlando, which has partnered with Westin to develop a public refrigerated warehouse on the site immediately south of them across

the Opportunity Corridor. The initial commercial freezer will be approximately 150,000 square feet, of which Orlando will operate in about 50,000 square feet and the remainder will be leased to commercial food companies in and around Cleveland. The project is estimated to cost approximately \$31.6 million.

Orlando Baking has been operating in the Central neighborhood for decades, employing over 300 at their current facility. They have been expanding in place for years and are bursting at the seams, while renting cold storage in other cities.

This cold storage development will benefit not only Orlando, but many of Cleveland’s existing food manufacturers, as well as creating a competitive advantage for the attraction of other food-related businesses in and around the Corridor. The project site will include sufficient space for development of 100,000 additional square feet of cold storage as well as potential retail development on the Opportunity Corridor frontage.

- Approved legislation amending an earlier ordinance passed in August to add two mobile health vans to be purchased to the list of vehicles council approved for purchase. The mobile health vans will be used to make health care, including exams, vaccinations, testing and other services, more accessible. Each van is expected to cost about \$575,000 or \$1.15 million for both.
