## Cleveland finalizes bill to purchase old South High

Cleveland City Council held its regular weekly meeting Monday night and authorized legislation to allow the city to enter into an agreement with the Cleveland Metropolitan School District relating to the purchase, lease and development of South High School, located at 7415 Broadway Ave., Slavic Village.

The city plans to transform the empty building, more than 250,000 square feet, and property into a public safety training academy.

Since the closing of South High School in 2010, CMSD has used a portion of the building but does not need the entire building. Stella Walsh Rec Center adjoins South High. Besides training, the high school can also accommodate a youth vocational program in partnership with CMSD. The legislation also authorizes leasing back a portion of the building to the school district.

Other council action included:

- Approving legislation authorizing spending more than \$2.3 million with the Cuyahoga County Public Defender Commission to provide legal representation for indigent defendants appearing before Cleveland Municipal Court;

## Milkovich wrestling dynasty founder dies at 94

John Milkovich, 94, legendary trailblazer of the Milkovich Wrestling Dynasty, passed away on Nov. 9, 2021 in Rocklin, California, with his family by his side. He was married to Marian Harwood of Maple Heights, OH, for 58 years before she passed away in 2010.

Mr. Milkovich is survived by his five children, Debbie, Johnny, Kenny, Becky and Jenny (Pete Duran), three grandchildren and one great-grandchild, and sisters Mary Milkovich Wall and Dorothy Mulh.

He was born in 1927 in Cleveland to Croatian immigrants. The family moved to Garfield Heights in the 1930's and eventually settled in Maple Heights with their eight children. The Milkovich brothers popularized wrestling in the greater Cleveland area starting in the 1940's and left a legacy that lasted decades. John lost only one match in the four years he wrestled at Garfield Heights High School, was the team's captain for two years and a state champion.

While attending Kent State University he had an undefeated wrestling record and was team captain from 1949-50. He started his teaching and wrestling coach career at Case Western Reserve and Newbury High School and went on to take the position of wrestling coach at West Junior High in Maple Heights in 1962.

After retiring from West Junior High in 1980, he moved to Las Vegas and taught another eight years before permanently retiring. He will be buried in Pine Crest Cemetery in Southington, OH, with his wife, Marian.

Family, friends and former students are invited to attend the Celebration of Life this Saturday, Nov. 20, at noon, at Quality Inn and Suites Richfield, 4742 Brecksville Rd., Richfield, OH 44286.

## Statue of Our Lady stolen from St. John Nep.

A statue of the Blessed Virgin which had been on the parish grounds of St. John Nepomucene Church in Slavic Village for over 60 years, according to Pastor Fr. Robert Jasany, was stolen earlier this month, as reported by News 5 Cleveland.

During a follow-up email message with The Neighborhood News Monday, Fr. Jasany said that, sadly, he hasn't heard anything about the statue's whereabouts.

"I am afraid she won't be found," he said.

## Cuy. Hts. Council update

The Village of Cuyahoga Heights Council met in regular session last Wednesday, Nov. 10, and passed an ordinance confirming the initial appointment of Brad M. Beaulieu as a police officer in the CHPD.

Finance approval was given to a Building Department and CFO Office mini-split to Brennan Heating & Cooling, not to exceed \$15,000.

Also okayed by council was a contract with Pest Management, Inc. for pest control services, and two resolutions for change orders, one for the Nicky Boulevard Storm Sewer Extension and Slope Stabilization Improvements Project and the other for the 5047 E. 71 St. Demolition and Improvements Project.

# Bedford Council approves restrictions on future medical marijuana dispensary locations

Bedford Council passed legislation at its meeting Monday night to clarify and further restrict the location of any future medical marijuana dispensaries in the city. There are currently no medical marijuana dispensaries in Bedford.

Council had previously passed legislation about four years ago that stated that no medical marijuana dispensaries were permitted to locate within 500 feet of a school, church, public library, public playground or public park. This part of the legislation was not changed by the new ordinance.

The previous ordinance also stated that medical marijuana dispensaries, should they locate in a residentially zoned area of Bedford, had to obtain a conditional approval through the Planning Commission and council.

According to the new legislation, medical marijuana dispensaries located in any district must now obtain a conditional approval through the same channels.

The previous legislation stated that no medical marijuana dispensary could be located in the Historic Downtown District of the city. That provision still stands, with the additional caveat that "no medical marijuana dispensary shall be located in any residential district, or the Historic Downtown District."

Law Director John Montello stated, "It seems to be obvious these days that they are going to be expanding these dispensaries, and so we want to be ahead of the game a little bit and dictate where they can be."

Council also passed two ordinances to seek funding

through the Cuyahoga County Department of Development: one authorizing City Manager Mike Mallis to apply for a Fiscal Year 2021-2022 Community Development Block Grant in the amount of \$150,000; the other authorizing him to apply for a Community Supplemental Grant Fund in the amount of \$50,000.

If both grant applications are approved, the \$200,000 in funding will be used towards the construction of a new pool house at the Bedford Municipal Pool to replace the current building, which was built in 1964.

When the city redid the pool in 2007, Mallis said, "It was just the pool. We kept the boiler room, we kept the boiler, believe it or not, and the pool house. That is the original, from the mid-1960s, I believe it is actually 1964, and it is showing its age and it needs to be addressed."

The city will not know until spring if the grant applications are approved.

Council approved an ordinance amending previous legislation passed in 2020, to provide annual compensation for Bedford Municipal Court Clerk Tom Day in the amount of \$124,283.40, effective January 1, 2022. The State of Ohio mandates a 1.75% raise to Municipal Court clerks.

The Bedford Municipal Court serves not only the city of Bedford, but the municipalities of Bedford Heights, Bentleyville, Chagrin Falls, Glenwillow, Highland Hills, Moreland Hills, North Randall, Oakwood Village, Orange, Solon, Warrensville Heights, Woodmere, and Chagrin Falls Township, and also the Metroparks.

Of the salary to be paid to Day, 60% will be paid by Bedford and 40% by Cuyahoga County, in bi-weekly installments, according to the ordinance.

Finance Director Frank Gambosi stated that what Day was being paid equated to what other clerks of courts were making in other Municipal Courts. "It is 85% of a judge's salary, and they request that this goes into effect next year," he said.

Due to safety concerns with the deteriorated condition of the existing staircase leading from the boiler room to the flow meter/operator's station at the city's Waste Water Treatment Plant, council passed an ordinance authorizing Mallis to enter into a contract with Nerone & Sons, Inc., for the replacement of the staircase at a cost of \$13,600.

Council passed an ordinance authorizing Mallis to

enter into a contract with Ohio Council 8 and Local 2007 American Federation of State, County and Municipal Employees, AFL-CIO, to adopt the terms of an October 25, 2021 final package proposal, and ordering them into effect.

"This contract is for all bargaining unit employees in our Service Department and Water Department, Wastewater Treatment and Tax Departments, and other clerical positions," Mallis said. "It is the same financial package that we settled with the FOP, which was a 2% increase for 2021, a 2.5% increase for 2022, and a 2% increase for 2023."

An ordinance to amend previous legislation authorizing Mallis to enter into a contract with GPD Group for engineering services for the city of Bedford for 2022 was passed.

"This is an ordinance for our yearly engineering contract with GPD Group," Mallis said. "The change from the past contract is there are hourly rate adjustments, raises for various disciplines, as was presented to council. The average increase of these salary increases was 11%."

Placed on second reading were two other ordinances on the agenda: one for the city's 2022 budget (estimated at \$39.3 million), and the other for the purchase of a John Deere Bunker and Field Rake for the city's Parks and Recreation Department from Revels Turf and Tractor, LLC, at a state bid purchase price of \$14,389.84.

Both will be discussed before possible passage at a future meeting.

## Reports/announcements

Mallis said the Union Street resurfacing was scheduled to take place later this week, weather permitting. Regarding the Broadway Avenue project, he stated that the Ohio Department of Transportation was discussing the possibility of pushing that resurfacing project back to the beginning of 2023. However, the city is still going forward with getting ready to bid on water, curb and electrical work on the street.

Mallis said that the Broadway project was estimated to cost \$2.3 million, with the city responsible for 20% of that. The city was also waiting to hear back from ODOT on lowering the city's percentage of the project costs, based on improvements that Bedford has already done.

Gambosi announced that he was planning to retire from his position as finance director next year, and at that point the city would be looking for his replacement and advertising for applicants for the position.

## THOMAS P. McLEARY

Thomas P. McLeary, age 82, of Lorain, passed away unexpectedly on Friday, Nov. 12, 2021, surrounded by his loving family at Mercy Health-Lorain Hospital. He was born June 6, 1939, in Fairmount, WV, and had been a resident of North Ridgeville and Grafton before recently moving to Lorain five years ago. He was an active member and volunteer of St. Peter's Catholic Church in North Ridgeville, and had been a member of the US Army Reserve, with a deep respect and appreciation for those who proudly served in the military, especially his son.

Tom was the former director of Respiratory Therapy at Fairview Hospital, Cleveland. He cofounded and owned T & M Oxygen Company in Cleveland. Having a servant's heart, he volunteered many places, often recruiting family and friends to be involved. He volunteered with the Food Hunger Center, founded the Kim Richmond Memorial Fund, the St. Peter's Garden Committee and was a past president of the Southeast Kiwanis, for decades spearheading its annual Pancake Breakfast at Holy Name Church and countless spaghetti dinners at venues throughout Slavic Village.

He also organized many other Kiwanis fundraising events to support asthma screenings and asthma support groups in schools in and around the Slavic Village community, working with the American Lung Association to make sure kids with asthma got the help they needed, as well as working with University Settlement's Hunger Center.

Tom enjoyed hunting, fishing and was an avid sports fan. After retirement he enjoyed spending time with his grandkids.

He is survived by his son Tom (Judy) McLeary of New Harmony, UT, daughter Katy (Mike) Bruewer of Amherst, grandchildren Samantha, Shane, Emma and Grace.

He was preceded in death by his wife Patricia, parents James and Catherine McLeary, sister Patricia, and brothers Robert and James.

The family will receive friends on Thursday, November 18, at Bogner Family Funeral Home, 36625 Center Ridge Rd., North Ridgeville, OH 44039 from 10 a.m. to 12 noon. There will be a Funeral Mass at St Peter Church, 35777 Center Ridge Rd., North Ridgeville, OH 44039 at 12:30 p.m. on Thursday. Fr. Bob Franco will officiate. Burial will follow.

# Maple Hts. Council OKs purchase of city vehicles

By Judith Goldsworth

Maple Heights Council approved the purchase of several new vehicles for the city's Police and Service departments, and also approved the refurbishing of the current pumper for the Fire Department at a special meeting last week.

One of the resolutions approved by council authorizes Mayor Annette Blackwell and/or Police Chief Todd Hansen to enter into a purchase agreement with Liberty Ford, Inc. of Maple Heights, for three 2022 Ford Interceptors at a cost of \$33,950 apiece, at a total cost of \$101,850.

Hansen had advised council that the city needed three new vehicles for patrol officers in his department. The resolution noted that "given the limited supply of new vehicles available due to a worldwide computer chip shortage and the resulting high demand for any currently available vehicles, it is in the best interests of the city to waive the public bidding requirement for projects estimated to cost in excess of \$50,000, in order to immediately secure the purchase of three vehicles."

Additionally approved through the same legislation was an agreement with North Coast Two Way Radio of Maple Heights, to upfit all three vehicles with lights and sirens, pushbars, console equipment, prisoner transport equipment and radio packages, including shipping and installation, at a cost of \$10,168.36 apiece. Council also waived the bidding requirement for this purchase.

Council passed another resolution authorizing Mayor Annette Blackwell to enter into a purchase agreement with Valley Ford Truck Inc., of Huron, OH, for a 2022 Ford F250 4x4 regular cab pickup truck with snowplow package for the city's Service Department, in an amount

not to exceed \$50,500. Council waived the bidding requirement for this purchase as well.

And approved by council was a resolution authorizing Blackwell and/or Fire Chief Vito Kavaliunas to accept the project quotation of Sutphen Corporation, of Dublin, OH, to refurbish the city's 2002 Sutphen Pumper, in the amount of \$178,549.

Kavaliunas advised Blackwell and council that the pumper "is in need of refurbishing to include complete repaint and body repairs, interior upgrades, pump repairs as needed, compartment upgrades, rear chevrons, new lettering and graphics, upgrade of lighting to LED and complete safety inspection, which refurbishing should extend the useful life of the pumper by 10 years and is more cost effective than the purchase of a new pumper," the legislation states.

Pursuant to exceptions to public bidding, as set forth in the city's fiscal policy and procedures, Finance Director Tinita Tillman "has determined that Sutphen Corporation is the only source available to provide the refurbishing to the... pumper, thereby making this project an exception to the public bidding requirement for projects estimated to cost in excess of \$50,000," according to the resolution.

shed in his backyard. He said that on or about Nov. 3, someone broke into his shed, damaging the door and taking his lawnmower. He said a couple days later he recovered it from the backyard next door.

## Theft

On Nov. 8, an officer completed a theft report for a woman in the 6000 block of Turney Rd. She said someone had used her Walmart account and debit card to make an unauthorized purchase. She assumed it was to the person whose name the purchase was being sent to but she does not know who he is. Her bank card has been locked and Walmart password changed. She also believes this person used her email to sign her up for email subscriptions as she received over 30 subscriptions around the same time the Walmart purchase was made.

## Assault

On Nov. 8, an officer completed an assault report for a woman who said her daughter was assaulted by two juveniles while at the Garfield Heights branch library on Nov. 6, about 5:30 p.m. Her daughter told her the names of the juveniles who assaulted her. She told them she did not want to fight and one of them came up from behind her and started pulling her hair and hitting her. Then the other juvenile jumped in and started to hit her as well.

## Motor Vehicle Theft

On Nov. 13, at 6:13 p.m., police were dispatched to the Sunoco station at 5326 Turney Rd., for a report of a stolen vehicle. A woman told the officer that while she was parked at one of the pumps she went into the store to purchase items, leaving her car running. When she came back outside the car was gone. Sunoco will attempt to obtain video footage and will contact GHPD. Vehicle entered into LEADS as stolen.

## Cleveland finalizes bill

(Continued from Page 1)

•Introducing legislation that would prohibit the release of large numbers of balloons into the atmosphere, declaring the balloons are hazardous to the environment. Several states, including Virginia, Tennessee, Florida, Connecticut, California and cities, including Toledo, OH, Louisville, KY, Atlantic City, NJ and more have banned balloon releases.

Large balloon releases, inflated with lighter-than-air gases, are a type of littering that can disrupt electric utility service and can threaten wild life, the legislation states. "No person shall intentionally release...10 or more balloons inflated with a gas that is lighter than air."

There are exceptions, including scientific or meteorological purposes. The legislation notes that Great Lakes area cleanups between 2016 and 2018 found 18,000 balloons or pieces of balloons.
